

**ANNUAL REPORT
OF THE PRESIDENT OF THE
COUNCIL - 2016**

(Established : 1870)

UNITED SERVICE INSTITUTION OF INDIA

PRESIDENT'S REPORT FOR 2016

1. Gentlemen, it gives me great pleasure to welcome you to the fourth meeting of the present Council. The USI is a unique, autonomous Institution with unequalled expertise in the field of National Security and matters pertaining to the Defence Services. It has built an outstanding reputation over the last 146 years. It is my privilege to present the report of the Institution for the year 2016. A copy of the report has been placed on the table and will be included in the minutes of the meeting.

MEMBERSHIP

2. The Institution began with a membership of 215 members. When it moved to its present premises in 1996, the membership stood at about 3500 and today it is 14,111 Life, Ordinary, Associate and Course Members. It is heartening to report that during the current year 245 new Life Members were enrolled. This continuous growth exemplifies the support and trust the Institution enjoys.

FINANCES

3. The Institution does not get any grant / aid from the Ministry of Defence or the Services. It continues to carry out all its activities from the resources generated within. Since the USI Centres {Center for Strategic Studies and Simulation (CS3) and Center for Armed Forces Historical Research (CAFHR)} are not able to meet their annual expenditure, they are allocated resources from the Corpus Fund. Further, our building and equipment being more than two decades old, now require greater allocation of funds for their renovation and upkeep. The USI CUNPK building has been completely renovated post fire accident in 2014 and now CAFHR is fully functional in that location.

4. The Audit Report and Balance Sheet for 2015-16, Revised Estimates for 2016-17 and Budget Estimates for 2017-18 are already with you. These have been recommended by the Finance Sub Committee and the Executive Committee for approval. The Committee has also recommended that we consider approaching the Service Headquarters and the Ministry of Defence for a grant to the Corpus so as to sustain our activities in all fields.

USI JOURNAL
